### **PCI DSS LEVEL 1 CERTIFIED**

- The highest data security standards

### **WHITE-LABEL GATEWAY-TO-GATEWAY SOLUTION**

- ACI's industry-leading payments technology carries our partners' brands

## Keep Up With the Demands of Today's Payments Industry

Many PSPs operate a payments gateway that fails to meet the full demands of their merchants. Today's payments industry requires you to successfully lead your merchants into new markets, supporting them with a feature-rich solution that includes everything from compliance and fraud prevention to business intelligence, in an industry where change is constant. The reality is that without the right investment in technology and infrastructure, keeping processing systems current is a challenge. The end result is that merchant attrition and missed opportunities threaten business success.

With ACI as a technology partner, you can meet merchant demands by augmenting their existing infrastructure with a solution based on open payments architecture that evolves at the speed of the market.

## Protect Hard-Earned Revenue by Defending Against Fraud

Fraud is a constant threat in eCommerce. Merchants need to employ the most sophisticated fraud prevention to safeguard their business, and PSPs need to give them the strongest protection. PSPs also need to protect themselves against fraudulent merchants.

The ACI® Payments Orchestration Platform™ includes real-time fraud prevention capabilities that enable companies to protect revenues, support growth, and enhance shoppers' eCommerce and mCommerce experiences.

## Drive New Business With ACI as Your Technology Partner

ACI's gateway-to-gateway solution speeds up time to market for domestic and international expansion, reduces merchant attrition, increases revenue from existing customers and attracts new business. You will no longer spend time building individual connections to acquiring banks and alternative payment methods, never again have difficulty supporting merchants who require sophisticated fraud prevention configured specifically for each country or region, and will always be able to adapt to the unique needs of different merchants. With ACI as your trusted technology partner, the heavy lifting is taken care of, leaving you free to focus on your core business.

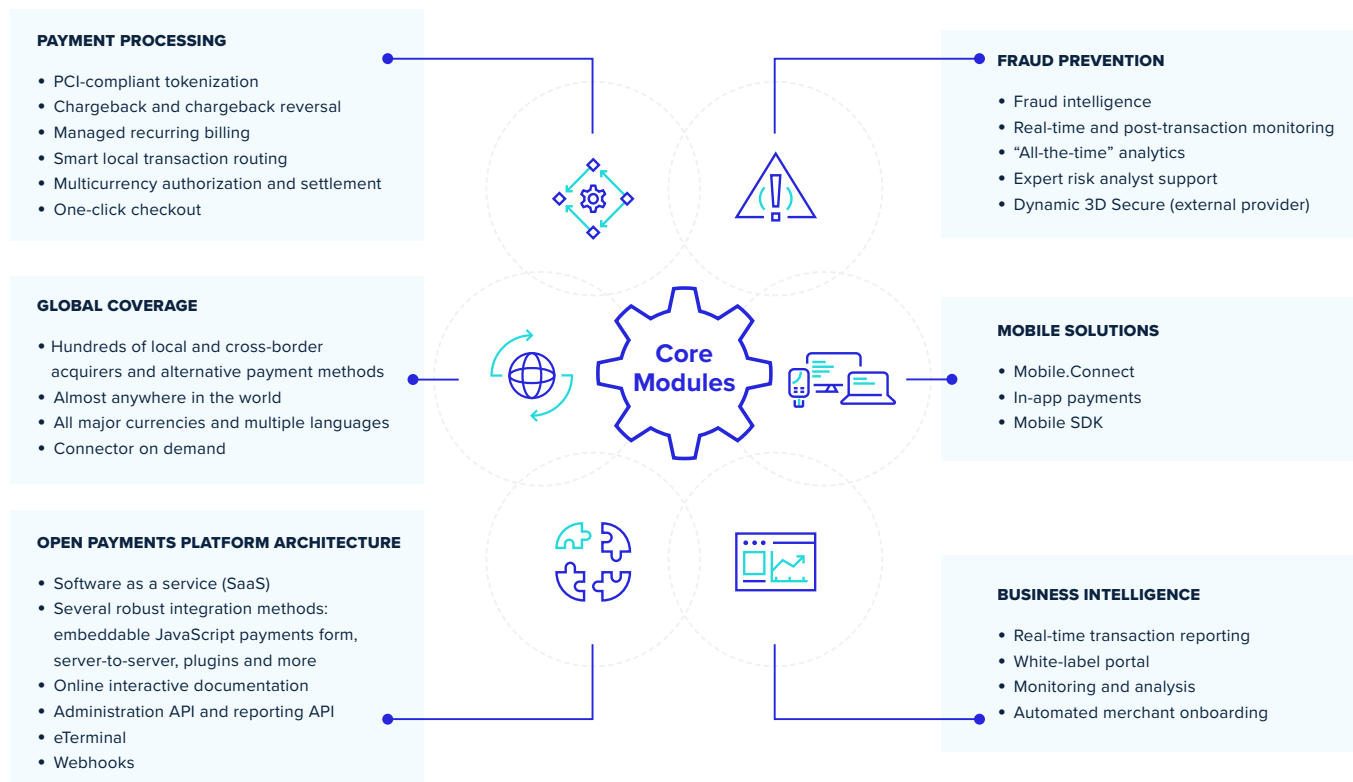

## Advanced Modular Options

With ACI's core payments gateway solution, you are instantly processing cross-border transactions, utilizing ACI's best-in-class fraud prevention solution and benefiting from widget-based payment forms. ACI's underlying open payments platform architecture opens you and your merchants to an abundance of modular options which can be configured according to specific business cases.

## ACI Builds Innovative Payment Technologies That Drive Success

ACI Payments Orchestration Platform delivers the ultimate in simplicity, global connectivity and security. Through a single integration to a unified RESTful Open API, merchants gain access to the largest global payments network. The industry-leading payments gateway technology enables merchants to build payment apps and features directly on the platform.

ACI Worldwide is a global leader in mission-critical, real-time payments software. Our proven, secure and scalable software solutions enable leading corporations, fintechs and financial disruptors to process and manage digital payments, power omni-commerce payments, present and process bill payments, and manage fraud and risk. We combine our global footprint with a local presence to drive the real-time digital transformation of payments and commerce.
